

10 Principles about God

1. If God is asking you a question, He already knows the answer.
2. Satan can only be one place at a time, “going to and fro”.
3. Satan is constantly going back and forth on the earth seeking...
4. God Knows who is serving Him and who is not.
5. Satan has already attempted to destroy Job long before this encounter with God.
Satan is busy attempting to do the same to you and me.
6. God places hedges of protection around you and me at times to protect us from Satan and his angels.
7. Satan has no power outside of what God allows.
8. Our blessings are a direct result of God’s intervention in our lives.

NOTE: Satan was very much aware of what God was doing in Job's life

9. Satan’s pride blinds him, He thinks his power is greater than God’s love for mankind.

Note: Pride blinds us all if we do not put our pride in check under the Holy Spirits Leadership.

In verses 13-19: we find Satan doing all he can to destroy Job and his worship of God.

10. Satan can command people, natural and other calamities on earth, provided God allows.
